PROFESSIONAL SUMMARY

Frontend Developer with **5+ years of experience** building scalable web applications across **healthcare, education, and business platforms**. Strong expertise in **React.js, Next.js, TypeScript, JavaScript, and Node.js**, with experience in **frontend architecture, performance optimization, real-time applications, and REST API integration**. Experienced with **TanStack Query, Redux Toolkit, Tailwind CSS, WebSockets, AWS, CI/CD, and AI integrations**, with hands-on experience using **Claude Code and Cursor** for AI-assisted development.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), SQL, HTML5, CSS3

Frontend: React.js, Next.js (SSR/SSG/ISR), Redux Toolkit, TanStack Query, SWR, Context API, React Hook Form, Tailwind CSS, Headless UI, Framer Motion

Backend & APIs: Node.js, Express.js, REST API Design and Integration, Authentication, RBAC, Swagger/OpenAPI

Real-Time & Visualization: WebSockets, Socket.io, Chart.js, TradingView

Performance & Quality: Code Splitting, Lazy Loading, Caching, Web Vitals, SEO, React Testing Library, Unit and Integration Testing

Cloud & DevOps: AWS (EC2, Route 53, CloudFront), Nginx, Apache, PM2, Linux, CI/CD (GitHub Actions), Vercel, Netlify

Databases & Tools: MySQL, MongoDB, Git, GitHub, Postman, Jira, Agile/Scrum

AI-Assisted Development: Claude Code, Cursor

PROFESSIONAL EXPERIENCE

Kode Creators Pvt. Ltd. | Frontend Developer, *Sep 2022 – Present*

Vadodara, India

- Own frontend development of **healthcare booking, patient management, billing, and POS platforms** using **React.js, Next.js, TypeScript, and Tailwind CSS**, supporting appointments, patient records, and clinical workflows.
- Implemented a custom **Strapi CMS** (headless) with tailored content types and APIs, enabling **instant website content updates** across the **Next.js** frontend with no developer involvement.
- Implemented real-time updates using **WebSockets and Socket.io** for live appointment and operational dashboards.
- Migrated data fetching from **SWR to TanStack Query**, adding **caching, request deduplication, background refetching, and optimistic updates** to improve performance and reduce redundant API calls.
- Optimized application performance across multiple routes and feature modules using **code splitting, lazy loading, React Suspense, and memoization**.
- Integrated **REST APIs** for complex workflows, handling pagination, filtering, mutations, and loading and error states.
- Deployed and maintained applications on **AWS (EC2, Route 53, CloudFront)** with **Nginx, Apache, PM2, and GitHub Actions CI/CD**, plus Vercel and Netlify.
- Use **Claude Code and Cursor** for implementation, debugging, and refactoring, reviewing all generated code for TypeScript safety and maintainability.

ImageIO Knowledge Solutions Pvt. Ltd. | Full Stack Developer, *Sep 2021 – Aug 2022*
Vadodara, India

- Developed end-to-end **Academic ERP applications** using **React.js, Node.js, Express.js, and MySQL** for student, course, faculty, and administrative workflows.
- Built reusable **React components** and responsive, role-based interfaces for multiple ERP modules.
- Designed and integrated **RESTful APIs** with request validation, structured error handling, and authentication middleware.
- Integrated the **HDFC payment gateway** for automated fee collection, transaction status tracking, and reconciliation.
- Implemented **Role-Based Access Control (RBAC)** for administrator, faculty, and student applications.
- Designed **MySQL** database structures and integrated them with backend services.
- Authored **Swagger/OpenAPI** documentation to improve collaboration between frontend and backend teams.

PROJECTS

Gas Flow IoT Dashboard

React.js, TypeScript, Chart.js, WebSockets, Node.js | Live: gas-flow-solution.vercel.app

- Built a responsive real-time IoT monitoring dashboard with WebSocket-based live updates.
- Developed interactive Chart.js visualizations and reusable dashboard components for monitoring and reporting.

Core Health Physiotherapy Platform

React.js, Express.js, MySQL, Redux, Tailwind CSS | Live: core-health-physiotherapy.vercel.app

- Developed a healthcare platform with patient-facing workflows, physiotherapy services, and an admin panel.
- Integrated React and Redux frontend with REST APIs and MySQL-backed services using reusable UI patterns.

EDUCATION

B.E. Computer Engineering — Vadodara Institute of Engineering, Vadodara, Gujarat · 2017 – 2021
